

Tutorial 4: *Working with Objects and Styles*

Textbook Corrections

1. Page JVS 189

In the middle of the page, the authors state erroneously that you should "include the method name without the **brackets**". Instead, they should have said "include the method name without the **parentheses**".

2. Page JVS 195

One might want to use a greater value for the interval that's used for the `setInterval` function. Try 10 or 20 for the interval value, and see how the `rollDown()` function performs.
