

Tutorial 4: Working with Objects and Styles

Instructions

I. Complete the Tutorial

- A. Complete the tutorial named [Tutorial 4, Working with Objects and Styles](#), in your *New Perspectives on JavaScript and AJAX* textbook on pages JVS 165 - 200.

Here is a list of all of the data files that you will need in order to begin working on Tutorial 4. These files are located in the course files folder named [\cit171\tutorial.04\data_files\tutorial\](#).

holmestxt.htm – a Web page that you will rename from *holmestxt.htm* to *holmes.htm*
logo.jpg – an image that is used in *holmes.htm*
menustxt.js – an external JavaScript file used in *holmes.htm* that you will rename from *menustxt.js* to *menus.js*
sh.jpg – an image that is used in *holmes.htm*
shblogtxt.css – an external style sheet used in *holmes.htm* that you will rename from *shblogtxt.css* to *shblog.css*

- B. Remember to rename any files that contain the letters **txt**. For example, **holmestxt.htm** will be renamed **holmes.htm**, **menustxt.js** will be renamed **menus.js** and **shblogtxt.css** will be renamed **shblog.css**.
- C. Students do not need to complete any of the *Quick Checks*, like the ones on pages JVS 180, JVS 192, and JVS 199 - 200. If you still want to complete them anyway, the publisher has provided the answers to these questions on pages JVS 211 - 212.
- D. Students do not need to complete the *Review Assignments* on pages JVS 201 - 203.
- E. Students do not need to complete the *Case Problems* on pages JVS 203 - 211.

II. Upload your Completed Tutorial to the CLC Web Server for Grading

- A. After you have completed the tutorial, use an FTP client to upload (copy) the folder named **tutorial** from your home computer or flash drive into (inside of and as a child of) the folder named **tutorial.04** on the CLC Web server.
- B. Here is a list of the completed Tutorial 4 **tutorial** file names*:
 - 1. holmes.htm
 - 2. logo.jpg
 - 3. menus.js
 - 4. sh.jpg
 - 5. shblog.css

* Web page file names and folder names are always lower case and never contain spaces.

III. Verify That Your Tutorial Displays Correctly on the CLC Web Server

- A. After you have uploaded your completed tutorial to the CLC Web server, you need to test to see that it displays correctly through the links on your home page on the CLC Web server at http://www.clcwebserver.com/ftp_username/, where *ftp_username* is your FTP username.
- B. **Important:** Always verify that your tutorials display correctly through your home page on the CLC Web server before e-mailing your instructor to grade them.

IV. Send a “Tutorial 4 Completed” E-mail to Your Instructor

- A. **Important:** After you have completed, uploaded, and tested your tutorial on the CLC Web server, send your instructor a “Tutorial 4 Completed” e-mail.
- B. The subject line of the e-mail you send your instructor should read:

CIT 171: YourLastName - Tutorial 4 Completed

V. Your Instructor Will Grade Your Tutorial

- A. Within 24 hours of receiving your “Tutorial 4 Completed” e-mail your tutorial will be graded and your instructor will enter a score into your Blackboard gradebook.

VI. Follow-Up to Make Sure that Your Tutorial Has Been Graded Before the Due Date

- A. **Very Important:** After you have sent your “Tutorial 4 Completed” e-mail, follow up before the due date to make sure that your tutorial has been graded.
- B. If your tutorial has not been graded before the due date you will not receive any points for the tutorial.

VII. Take the Tutorial 4 Practice Test

- A. Using the *LockDown Browser* take the **Tutorial 4 Practice Test** a few times.

VIII. Take the Tutorial 4 Test

- A. Using the *LockDown Browser* Web browser take the **Tutorial 4 Test**.
